## *VERSE 1*

I often wonder  
Try and understand  
The total mystery  
Of what you see in me  
So many miracles you've done  
So many battles you've won  
You gave sight to the blind  
Turned water to wine

## *PRECHORUS*

You calmed the storm, the raging sea, and walked on water  
You healed the lame, made orphans into sons and daughters

## *CHORUS*

I'm so small, insignificant  
You're beyond so magnificent  
Still you never put a single thing above me  
Your love for me will never end  
Your love for me is Heavensent  
But the greatest miracle of all is how you love me

## *VERSE 2*

Your love is faithful  
Never lets me down  
Forgiven by your grace  
You're worthy of all praise  
Five thousand people you fed  
With just two fish and some bread  
Died in my place instead.  
You rose from the dead

## *PRECHORUS*

You calmed the storm, the raging sea, and walked on water  
You healed the lame, made orphans into sons and daughters

## *CHORUS*

I'm so small, insignificant

You're beyond so magnificent  
Still you never put a single thing above me  
Your love for me will never end  
Your love for me is Heavensent  
But the greatest miracle of all is how you love me

*BRIDGE*

There's no doubt, the miracles you've done are amazing,  
but the greatest miracle of all is how you love me

*CHORUS / TAG*

I'm so small, insignificant  
You're beyond so magnificent  
Still you never put a single thing above me  
Your love for me will never end  
Your love for me is Heavensent  
But the greatest miracle of all is how you love me  
Yes, how you love me's  
The greatest miracle of all
